

IGNITION

Hope

Lately
I've been on an island
While you just vibin' and I'm alone
And lately
People say I'm crazy
They tell me move on and on and on
They tell me move on and on and on

But maybe there's hope, hope, hope, ooh
woah
But maybe there's hope, hope, hope, ooh
woah, ooh woah, ooh woah

And lately
People just judge me
And I don't wanna be judged no more
I just want to feel like I'm sure
And lately
Does anybody love me?
Does anybody care anymore?
Does anybody care anymore?
Why should I cry out for help?
If I gotta help myself
If I gotta turn the page
If I gotta act my age
If I gotta let it go
If I'm too comfortable
If I'm way too afraid to light the flame

But maybe there's hope, hope, hope, ooh
woah
But maybe there's hope, hope, hope, ooh
woah, ooh woah, ooh woah

Maybe there's hope
And maybe it's not all said and done
No, no

Too Comfortable

Don't wanna wanna get too comfortable
Don't wanna say I didn't do enough
Don't wanna wanna get too comfortable
No, no, no

Don't wanna wanna leave a stone unturned
Cause in this life you only get what you deserve
No I don't want it unless its been earned
No, no, no

I gotta do what I gotta do
I got some things that I gotta prove
I gotta go find my latitude
I gotta grow change my attitude

Don't wanna wanna get too comfortable
Don't wanna say I didn't do enough
Don't wanna wanna get too comfortable
No, no, no

I know it could be easier
I know it could be easier
But that's not what I'm here for
No, no, no

A lotta love, there's some to give
We got our lives, it's time to live
I can't take it easy no
No, no, no, no

Don't wanna wanna get too comfortable
Don't wanna say I didn't do enough
Don't wanna wanna get too comfortable
No, no, no, no

Don't wanna wanna get too comfortable
Don't wanna say I didn't do enough
Don't wanna wanna get too comfortable
No, no, no
No, no, no
No, no, no, no

Set Up To Lose

I trust you but you couldn't trust me too
And you trust me but I thought there was two
Can't be me if i'm just in the queue
It's just my turn its my turn loving you
Can't find the words the words to say to you
Can't find the words the words to say to you
And now you ghost me (ghost me)
Then you text my phone and say

Is it me or is it you?
Baby tell me what's the truth
Is there something we can do?
Or are we set up to lose (lose)
Is it me or is it you?
Baby tell me what's the truth
Is there something we can do?
Or are we set up to lose? (lose)

Winning losing's part of life
You can't win every war you fight
And I just wanna do what's right
Made mistakes and made 'em twice
Been asking God for some advice
Maybe he knows more than I
So tell me tell me how
We make this right
So tell me tell me how
We make this right

Hoo,ooh,woo
Hoo,ooh,woo
Hoo,ooh,woo,ooh,woo,ooh,woo,woo
Hoo,ooh,woo
Hoo,ooh,woo
Tell me where to go
Which way do I go?
I don't wanna wait around no more
I just wanna know

Is it me or is it you?
Baby tell me what's the truth
Is there something we can do?
Or are we set up to lose? (lose)
Is it me or is it you? (You-you-you-you-you-you-you-you)
Baby tell me what's the truth (Truth-truth-truth)
Is there something we can do?
Or are we set up to lose? (lose)

Are we, are we, are we, are we
Set up to lose?
I wish, I wish, I wish, I wish
I wish I could choose
Are we set up to lose?
I think yeah-yeah
I need something new

Na-na-na-na-na-na

Na-na-na-na-na
Not for you
My love is not for you
Na-na-na-na-na-na
Na-na-na-na-na
Ooh, woah

I'm Gone

Ooh woah, ooh woah, woah
Where do we go?
Where do we go?
Ooh woah, ooh woah, woah
Where do we go?
Where do we go?

I don't know if this is all a show
Do you want me or you just want my dough
I don't know if you just want me for me or my keys
I don't know where we go from here, from here
I don't where we go from here, my dear

Ooh woah, ooh woah, woah
Where do we go?
Where do we go?
Ooh woah, ooh woah, woah
Where do we go?
Where do we go from here?
My dear, I need you to know
I'm gone, I'm ready to grow
I'm gone, I'm gone, I'm gone
I'm gone, I'm gone, I'm gone

So long
I'm gone and not coming back
I'm going on my own path
'Cause baby I don't know
Where we go from here
I gotta shift gears
'Cause this is my year
And I don't know how long I can hold on
To someone who doesn't care about me
So I think I just gotta care about me
So now I'm wondering, where do we go?

Ooh woah, ooh woah, woah
Where do we go?
Where do we go?
Ooh woah, ooh woah, woah
Where do we go?
Where do we go from here?
My dear, I need you to know
I'm gone, I'm ready to go
I'm gone, I'm gone, I'm gone
I'm gone, I'm gone, I'm gone

Ooh woah, ooh woah, ooh woah, woah
Ooh woah, ooh woah, ooh woah, woah
Ooh woah, ooh woah, ooh woah, ooh woah, ooh
Ooh woah, ooh woah
Yea baby I'm gone

Something New

New, new
Something new
Something good for you
You
Look like you need something new
Need something new
Something brand new

Ooh, ooh
I need something new
I need something new
Something new
I need something new
I need something true
Someone like you
I need, I need, I need, I need
I need, I need, I need
Something new

New
Something new
Something good for you
You
Look like you need something new
Need something new
Something brand new

I was all about I
Until I found you
Let's try something new
It was all about me
Until I found you
I couldn't be free
Until I found the truth
I couldn't find peace
I couldn't find you
I thought it was all for me
But it was all for you
Oh woah, woah
Maybe we can make it work
Maybe we can both be proof
That maybe faith can work
Maybe we can both be proof
That you really live and learn
Maybe we can try something new
'Cause the old didn't work
Nah, yeah
And I know that we will be okay
'Cause if I'm with you girl
We won't waste a day

I Found You

You gotta know it don't take a lot to love you
You gotta know it's gon' be okay
You gotta know this cold world won't love you
Unless you sell your whole soul for fame
You gotta know it don't take a lot to love you
You gotta know there's no sun without rain
You gotta know it don't take a lot to love you
'Cause there's a God above you
He's why I'm here today

I been feelin' sick since last week
Threw up in the back of the taxi
Government they wanna tax me, yeah
And internet wanna harass me
Where do I go when I need the truth?
I found you
I found you

Oh, woah, woah, woah
Oh, woah, woah
Oh, woah
Where do I go when I need the truth?
I found you
I found you

You gotta know it don't take a lot to love you
You gotta know it's gon' be okay
You gotta know this cold world won't love you
Unless you sell your whole soul for fame
You gotta know it don't take a lot to love you
You gotta know there's no sun without rain
You gotta know it don't take a lot to love you
'Cause there's a God above you
He's why I'm here today

So funny
I used to want to be funny
'Cause I just wanted them to love me
But I didn't really, really love me
So funny
I used to want to them to love me
But now I know God loves me
So now I finally love me

Oh, woah, woah, woah
Oh, woah, woah
Oh, woah
Where do I go when I need the truth?
I found you
I found you

Oh, woah, woah, woah
Oh, woah, woah
Oh, woah
Where do I go when I need the truth?
I found you
I found you

Who Am I Without God?

Who am I without God?
If you add it all up it's not a lot
Did a lot less rights and a lot more wrongs
How do you think I write these songs?
Yeah, who am I without God?
If you add it all up it's not a lot
Did a lot less rights and a lot more wrongs
How do you think I write these songs?

Write it off, write it off
I wish I could go back and write my wrongs
There's things I should've said
Things I should've done
Care a little more
Be a better son
There's a lot of times I felt betrayed (Ooh)
My heart turned cold it was full of hate (Ooh)
Broke some hearts in a lot of ways (a lot)
Now all I'm left with is pain

Who am I without God?
If you add it all up it's not a lot
Did a lot less rights and a lot more wrongs
How do you think I write these songs?
Yeah who am I without God?
If you add it all up it's not a lot
Did a lot less rights and a lot more wrongs
How do you think I write these songs?

Can't do it alone, can't do it myself
If it wasn't for God I'd be someone else
Needed you, yeah I needed you
To give me the truth, yeah to give me the truth
Jesus Lord give me the strength, yeah
If I do it again I'll do it the right way
I put the key in the ignition
Now tell me how to live, yeah
Tell me how to live

Who am I?
Who am I?
God give me life tell me
Who am I?
You decide
Yeah you decide
You decide who am I

Who am I without God?
If you add it all up it's not a lot (not a lot)
Did a lot less rights and a lot more wrongs (more wrongs)
How do you think I write these songs? (Oh, woah)
Yeah who am I without God? (Who?)
If you add it all up it's not a lot (No, no)
Did a lot less rights and a lot more wrongs (way more)
How do you think I write these songs?

Who am I? Who am I? Who am I? Who am I?
Who am I? Who am I? Who am I? Who am I?
Who am I? Who am I? Who am I? Who am I?
Who am I? Who am I? Who am I? Who am I?

Start Again

We just started
Yeah, we just started
We been learnin' we just started
I been learnin, learnin

I've been high and I've been low
To start again is all I know
So tell me if you know what it feels like
To start again even in real time
Yeah, I been high and I been low
The days were long, the nights were cold
So tell me if you know what it feels like
To start again even in real time

Can anybody out there relate?
All day working hard then late
And your friends are downtown faded
But you know that you gotta be patient
They talk behind your back, call you crazy
But you don't mind you just keep makin'
Cause why would you ever be anxious
If God's got a plan you got faith in

We just started
Yeah, we just started
We been learnin, we just started
I been learnin, learnin

Navigatin' all these different places
Lookin' back man I been so, so patient
I was 17, I was washin' dirty dishes
Now I'm cookin' up, now I'm cookin' in the kitchen
I was 19, I didn't really fit in
But I didn't give in, I always had the vision
When I was 22 I didn't know what to do
Just got out of school, was time to make a move
Which way do I choose?
Was I set up to lose?
I was in my head and now I'm singin' to you

Learnin, learnin, learnin' (ooh)
I've been on this journey (ooh)
I've been learnin' how to start again
Ooh, woah
Restart
Ooh, woah
Gotta learn how to start again

We just started
Yeah, we just started
We been learnin, we just started
I been learnin, learnin

We just started
Yeah, we just started
We been learnin, we just started
I been learnin, learnin

I been learnin' how to start over
Learnin' how to start over
We just started, we just started
I been learnin' how to start over
Learnin' how to start over

Go

Ooh, Ooh, Ooh
Maybe it's time to let go

I've been in the same place for my whole life
And I know that there's so much more in our lives
And I know that it's time to spread my wings
Ooh, I know that it's time to do my thing, yeah

The future's comin'
The time is runnin' out and I can't wait no more
Runnin' out of patience it's time for a change, yeah
It's time for me to go

Go, go, go, go, go, go, go, go
Go, go, go, go, go, go, go, go

I gotta do what I gotta do
I've turned a page or two
I think I'm overdue
To make a move

The future's comin'
The time is runnin' out and I can't wait no more
Runnin' out of patience it's time for a change, yeah
It's time for me to go

Go, go, go, go (maybe it's just time to go)
Go, go go, go (maybe it's just time to go)
Go, go, go, go (maybe it's just time, yeah)
Go, go, go, go (maybe it's just time to go)
Go, go, go, go (go)
Go, go go, go (time to go)
Go, go, go, go
Go, go, go, go (go, go)

Maybe it's time to let it go
Go
I don't know
Maybe I don't know
Maybe I don't know
And maybe I don't
And maybe it's okay to let go
And maybe it's okay to not know
What the future holds, holds, holds
So stop holdin' on so tight, yeah
Yeah stop holdin' on so tight
You're blockin' the light
You're blockin' the light

You're blockin' the light
You're blockin' the light
You're blockin' the light
You're blockin' the light
You're blockin' the light
You're blockin' the light

Can you feel it inside?
Can you feel it inside?
You just gotta let go
Let the future unfold
Let the light overflow
Let the light overflow

Can't Block The Light

I can't block the light no more
I'm sendin' out a prayer to the Lord
I could feel your light seepin' in
But I was way too busy with my sin

I can't block the light no more
You got a power that's full of warmth
Heart was cold
No I couldn't forgive
But I remember every time you did

Oh, woah, woah, woah, woah, woah
Yea I was living so blind
I couldn't see your light
I couldn't see the light
And then I opened my eyes
And then I realized

Oh, woah, woah, woah, woah, woah
They could never block the light
They could never block the light
They could never block your light
They could never block your light
They could never
No, no, no, no
No, no, no, no

Light The Flame

I remember all I had was God and a microphone
I remember when they turned their backs, I was alone
I remember all I had was me, yeah
And a little bit of belief, yeah
That God would never leave
You never left me when I was at my worst
You never left me when I didn't go to church, no, no
You never left me when I was in the dirt
So now I see my worth
Gonna always put you first

I been so lost for so long
Things just haven't went my way
It's been hard for so long
I'm asking God to light the flame

Now I'm on fire
Yeah I'm on fire
Yeah I'm on fire for the Lord
Yeah, I'm on fire
You changed my desires
Now I'm on fire for the Lord
The Lord
The Lord
The Lord
The Lord

They tried to blow the flame, blow the flame out
But God turns all my pain into gain now
They really thought I'd fade, thought I'd fade out
But I found my way out
God lit my flame
You can't take out a flame that God made, no
You can't take out a flame that God made, no
It's here to stay
It's here to stay
You can't take out a flame that God made

I been so lost for so long
Things just haven't went my way
It's been hard for so long
I'm asking God to light the flame

Now I'm on fire
Yeah I'm on fire
Yeah I'm on fire for the Lord
Yeah, I'm on fire
You changed my desires
Now I'm on fire for the Lord
The Lord
The Lord
The Lord
The Lord

I'm fire for life
I'm on fire (ooh woah)
Yeah, I'm on fire
Ooh, woah, ooh woah
Ooh, woah, ooh woah
I'm on fire

Roads

Never thought I'd be up on the big stage
Never thought they'd sing my songs no
Never thought that I could light that old flame
Never thought I'd find the place I belong
I never thought I would find my way
I never thought it would go on and on
Remember when my dream was just a fantasy
And now it's just a story I told

These typa dreams oh, no, no they ain't regular
These typa dreams need some faith not no secular
I gotta win, if not now then it's when
God I put my faith in him
Hold on now my phone's beepin'

Phone beepin' rollin' off the deep end
Can't sleep in even on the weekends
Freakin' cause we all free man
Who you gonna be man?
Who you gonna be?

A lotta roads, which way do we go?
And I don't know where we gonna go
We should just go we can pick a road
And Jesus paid the toll
So roll the window down like

Who-ooh-who
Who-ooh-woo-woo-woo
Who-woo-woo-woo-woo
Like who-woo-who
Who-ooh-who-ooh-who
Who-ooh-who-woo-woo-who
Who-ooh

I been down a lotta roads
Some I paid the toll some that I struck gold
I been told if you gotta dream just go
'Cause you never know one day you'll be old

Set me free, wanna be a better me now
G-O-D only thing that I believe in now
Jesus please, I got goals and I got dreams
Tell me which road is for me
Tell me who I'm meant to be (yeah, yeah)

These typa dreams oh, no, no they ain't regular (oh, oh no)
These typa dreams need some faith not no secular (no, no)
I gotta win if not now then it's when
God I put my faith in him
Hold on, now my phone's beepin'

Phone beepin', rollin' off the deep end
Can't sleep in even on the weekends
Freakin' cause we all free man
Who you gonna be man?
Who you gonna be?

A lotta roads, which way do we go?
And I don't know where we gonna go
We should just go we can pick a road
And Jesus paid the toll
So roll the window down like

Who-ooh-who
Who-ooh-woo-woo-woo
Who-woo-woo-woo-woo
Like who-woo-who
Who-ooh-who-ooh-who
Who-ooh-who-woo-woo-who
Who-ooh

I can't look back
'Cause back on, we back on
Yea we back, we back on track
I can't look back
'Cause back on, we back on track

I think we're on the right track (right track)
Had a couple stops and now we're right back (right back)
Workin' hard, going far and they don't like that (oh no)
Ah, nah, nah, nah, they don't like that (no they don't)
Yea I think we're on the right track (right, right)
Took my foot off the pedal now I'm right back (right back)
Ah, nah, nah, nah, they don't like that (nah, nah, nah)
Think I saw you in my mirror had to drive past (Ooh)

We back, we back on track
I can't look back
'Cause back on, we back on
Yea we back, we back on track
I can't look back
'Cause back on, we back on track

I'm not going back no more
Like an eagle I gotta soar
Remember when I used to feel so weak
Now I know it's part of the story
There's a lot of pages left to be written
And that's because God isn't finished
Told me start again and make some revisions
Now I'm back, now I'm so back

We back, we back on track
I can't look back
'Cause back on, we back on
Yea we back, we back on track
I can't look back
'Cause back on, we back on track

Top Top Top

Goin', goin' straight to the top

The Fire

Woah, God help me, woah
Woah, God help me, woah
Ooh woah, woah, woah
Yeah, I was on the ground floor
Rock bottom
There had to be more
There had to be more in this life
Than where I found myself in
I was all locked in the basement
Had me all boxed in
I couldn't stop, no
I couldn't flop, woah
They want me down
They want me down
They want me down low
I can not lie I had to try
Stick to the plot, woah
I had to plot
I had the rock
I had to rock and roll

Fire
No I couldn't stop I had desires
And I wanted it all
I had the fire
And now you can't deny
I got the fire
Got the fire, oh woah
Fire
No I couldn't stop I had desires
I had to prove em all wrong
And now the liars can't lie no more
They can't deny us
You can't deny it no more
I got the fire

Holy Spirit you're my fire (you're my fire)
Came into my heart, changed my desires (you changed my desires)
I was in the dark needed a light, yeah (I was in the dark)
And now I'm just surrounded by the fire

There's a time and place for it all
There's times that I need grace, times I fall
They want me at the club drinking hard
But I get all my peace from the Lord
Woah, woah
It's been time to grow, grow
Have a tough time just relating to the bro, bros
I don't really know, know
Where this gonna go, go
I just live my life
I got the light
I got the Lord

Fire
No I couldn't stop I had desires
And I wanted it all
I had the fire
And now you can't deny
I got the fire
Got the fire, oh woah
Fire
No I couldn't stop I had desires
I had to prove em all wrong
And now the liars can't lie no more
They can't deny us
You can't deny it no more
I got the fire

I got a fire in my soul
They tried to take control
But I'll never sell my soul
I'll never sell my soul
Nah I could never fold
I wish I would've known
That God was on the phone
God was on the phone
Told me I was not alone
I was on the road didn't know which way to go
Now I know which way to go

IGNITION: OVERDRIVE

Mile A Minute

Yeah Yeah
Woah Oh
Yeah Yeah
Oh Woah
Yeah Yeah

When your movin' through these phases (yeah)
It's a bumpy road (road)
There's things I wish I would've known (known)
I was gamblin' with my soul
Had to slow it down a 'lil bit (slow it down)
Baby I was movin' a mile a min (mile a min)
Gotta slow down gotta take a breath (catch my breath)
Goin' overdrive I need some rest

Been movin' like a mile a minute
They only seen the start not the finish
They only seem to start but don't finish
Woah
Been movin' like a mile a minute
They only seen the start not the finish
They only seem to start but don't finish
No

Been movin' a mile, been movin' a mile a minute
Remember those times where they really thought I was finished
Woah
But this is the start
Yeah this only the beginnin'
Woah
I'm keepin' the fire alive you know I ain't quittin'
No, no

I gotta see it, I gotta see it through
I gotta do what I gotta do
I gotta soul that I can't lose
Sometimes I forget I was made brand new
I been goin' down a narrow lane
Sometimes I forget it won't be the same
Sometimes I forget how much that I changed
Sometimes I fall back into my old ways

Been movin' a mile, been movin' a mile a minute
Remember those times where they really thought I was finished
Woah
But this is the start
Yeah this only the beginnin'
Woah
I'm keepin' the fire alive you know I ain't quittin'
No, no

Start Again II

Na, na, na, na, na, na
Oh, woah
Na, na, na, na
Oh, woah

When your back is against the wall
And you got no one to call
And the cards are about to fall
Gotta learn how to start again
When you're at your wits end (yeah)
And no one understands
Gotta learn how to start
Gotta learn how to start
Gotta learn how to start again

We just started
Yeah we just started
We been learnin' we just started
I been learnin', learnin'
I been learnin', learnin'

That I'm worth it, worth it
'Cause I got God on my side
And the devil's gonna lie
I've been learnin', learnin'
I'm not perfect, perfect
I should really go to church yeah, church yeah
'Cause it's been a long time
And I'm tryna see the light
I've been livin' in the dirt, yeah
Making all these beats put my life in rhythm
Remember all the days when I wasn't really livin'
When I was 23 knew I had to start winnin'
I want to be free but I gotta stop sinnin'

Remember all the days I was washin' dirty dishes
Never gave up 'cause I always had a vision
Never really found a place I fit
Had to start again, yeah (had to start again)
Had to start again now I'm cookin' in the kitchen

When your back is against the wall
And you got no one to call
And the cards are about to fall
Gotta learn how to start again
When you're at your wits end (yeah)
And no one understands
Gotta learn how to start
Gotta learn how to start
Gotta learn how to start again

We just started
Yeah we just started

We been learnin' we just started
I been learnin', learnin'

Learnin' learnin' learnin'
I've been on this journey
I've been learnin' how to start again
Ooh woah
Restart
Ooh Woah
Gotta learn how to start again
Ooh, Ooh
I've been learnin' how to start again

Freed Up

Na, na, na, na, na
Na, na, na, na, na
Ooh, Ooh

Freed up, freed up
Ever since I left I got some freedom
Freed up, freed up
I'm feelin' freed up
'Cause ever since I left I got some freedom

I've been on a grind
I've been wastin' no, no time
I've been feelin' light
'Cause I don't got you weighin' down my mind

Freed up, freed up
Ever since I left I got some freedom
Freed up, freed up
I'm feelin' freed up
'Cause ever since I left I got some freedom

I been freed up, I got so much time
The past is gone, I got a whole new life
They used to hold me back
They had those ties
But now I cut 'em all off

They wanna take me back, take me back
Back to where it was all bad
Nah, I gotta ignore that
I put it all in God's hands
I put it all in God's hands

Freed up (woah, oh), freed up (woah)
Ever since I left I got some freedom (yeah, yeah)
Freed up, freed up
I'm feelin' freed up
'Cause ever since I left I got some freedom

Freed up, freed up
Ever since I left I got some freedom

Freed up, freed up
I'm feelin' freed up
'Cause ever since I left I got some freedom

Do, do
Do, do, do, do, do, do, do
Oh, woah
Ooh
Ooh
Ooh

M.I.A.

M.I.A. I been gone so long
Been gettin' fit
I been writin' songs
I like Nick with no alcohol
They say I like Nick with no alcohol
M.I.A. I been gone so long
I feel so free
I just wanna ball
I like Nick with no alcohol
They say I like Nick with no alcohol

Yeah, yeah
I got a lot, I got a lot to do
Yeah
I can't be chillin' sippin' on some brews
Nah
I got a lot, I got a lot to prove
Woah
Will I do what I said I'd do?
Will I tell 'em 'bout the good news?
Got faith I don't wanna lose it
You know these drinks only dilute it

Surfin' on a wave got me feelin' great
I don't need no drinks
I been M.I.A.

M.I.A. I been gone so long
Been gettin' fit
I been writin' songs
I like Nick with no alcohol
They say I like Nick with no alcohol
M.I.A. I been gone so long
I feel so free
I just wanna ball
I like Nick with no alcohol
They say I like Nick with no alcohol

Gotta share these gifts
Show 'em how I ball
'Cause that light get dim on that alcohol

Finally, I feel like me
'Cause G-O-D cut the leash and now I'm free
They had me thinkin' that I needed all that alcohol
They wanna see me in pain on that Tylenol

Surfin' on a wave got me feelin' great
I don't need no drinks
I been M.I.A.

M.I.A. I been gone so long
Been gettin' fit
I been writin' songs

I like Nick with no alcohol
They say I like Nick with no alcohol
M.I.A. I been gone so long
I feel so free
I just wanna ball
I like Nick with no alcohol
They say I like Nick with no alcohol

Doo-doo-doo-do-do-do

Gotta fire in my soul, got it in my blood
Yea they wanna see me buzzed when I catch a buzz
But you know I'm just too locked in
I was so down bad but I'm up again
Ooh that that fire got stronger with a little wind
Now that fire too hot it's just smoulderin'
Ooh it's just too hot

These days you know it ain't fair
Oh they really, really wish I would stop it
Ooh I'm a real hot topic
Ooh I'm just too hot
These days yeah you know it ain't fair

What A Life

What a life I done chose
I chose God I chose hope
I had Marilyn Monroes but the Lord told me no
They want me puffin' on that smoke
They want me sippin' on some beer
Baby Imma steer clear
That's in my rear view mirror

What a life, yeah

What a life I done
What a life, yeah
What a life I done
What a life, yeah
What a life I done chose
Gotta pray for all my foes
Guess that's pretty on the nose, yeah

What a life, yeah
What a life
What a life, yeah
What a life
They puttin' lies, yeah
All on Your name
But I don't think they know that
Jesus really saves, no

'Cause he keep on doin' it
And y'all are just mockin' it
But you sure ain't stoppin' it
'Cause he really ain't new to this (ooh)

They tryna put out the flame
They call me insane
For praising your name, woah
They wanna make me feel pain
'Cause they is so Cain
But im willin' and Abel

They think that this is a game no
They think I do it for the fame no
They think I do it for pesos
I'm tryna tell 'em your name though

Tell the whole world about Jesus Christ
Don't really care if you're black or you're white
They gonna know 'bout the way, truth and life
Tell 'em bout God like I am a disciple, woah

This is all for the Son
I move in love like a dove
I am not what I was

Yeah I broke off the cuffs
Yeah I broke all off the cuffs off
Blockin' sin like I'm Mozgov
Oh this the part where it cut-

What a life I done chose
I chose God I chose hope
I had Marilyn Monroes but the Lord told me no
They want me puffin' on that smoke
They want me sippin' on some beer
Baby Imma steer clear
That's in my rear view mirror

What a life, yeah
What a life I done
What a life, yeah
What a life I done
What a life, yeah
What a life I done chose
Gotta pray for all my foes
Guess that's pretty on the nose, yeah

Woah, woah, woah
Woah
What a life I done
What a life I done chose
Guess that's pretty on the nose, yeah

Locked In

Locked in
They can't pick the lock
'Cause we so locked in
I'm in a different mode
I'm in a brand new zone
This is the life I chose
If they wanna block the light
Then I gotta go

I stick like a sour thumb
Where I'm from baby
Nah, you can't ignore us
We so locked in lately
We so locked in lately, woah
It would be hard not to hate me, woah
It would be hard not to hate when you just movin' this great

Oh yeah we so locked in
Only for God i'm stoppin'
You know on Sunday we gotta take breaks
You know on Sunday we gotta give thanks

You know on Sunday we gotta give praise
'Member those days when I had no way
'Member those days when I had no faith
Now I got more faith then a million Drake's

Locked in lately, I can't lie
We so locked in
That's for life

Locked in
They can't pick the lock
'Cause we so locked in
I'm in a different mode
I'm in a brand new zone
This is the life I chose
If they wanna block the light
Then I gotta go

I'm praying' for my haters
'Cause you that is really love
They really fakers
'Cause you know that hate only comes from below, yeah
You know i know because im from where its cold yeah
I'm used to coldness
Might speak in code yeah
This feel like code red
I gotta vault yeah
Its fully loaded
So i gotta lock in
I gotta clock in
I gotta get to all these blessin's they tried blockin'

Locked in lately, I can't lie
We so locked in
That's for life

Locked in
They can't pick the lock
'Cause we so locked in
I'm in a different mode
I'm in a brand new zone
This is the life I chose

If they wanna block the light
Then I gotta go

Ah
Ooh, ah
I just kinda feel like it'll all work it out
This is how it feel to have it all work out
Ooh I feel like
Ah

I just kinda feel like it'll all work it out
I don't know how but it'll all work out
Ooh I feel like

All about my bread I ain't talkin' 'bout no fiscal
All about my bread I ain't talkin' 'bout no fiscal (woah)

So close
'Cause I feel so
Close
But sometimes I feel
So low, so low

Can't believe I thought about givin' up
When I gotta life, I gotta live it up
Added more weight, I had to lift it up
Added more faith and God lit it up

Straight out the fire, lookin' like gold
Jesus took the wheel now we hittin' the road, yeah
They wanted the smoke I'm givin' 'em hope
They wanted the smoke I'm givin' 'em hope

I can't give up no, no, no, no
I feel so close
And when I feel like givin' up, oh Lord
It's when I need you the most

'Cause I feel so
Close
Yeah, I feel so
So close
'Cause I feel so
Close
But sometimes I feel
So low, so low

Please don't give up just yet
Please don't give up

Please don't give up just yet
Please don't give up
